

# XB Assessment Platform

## VIRTUAL CERTIFICATION PROGRAM

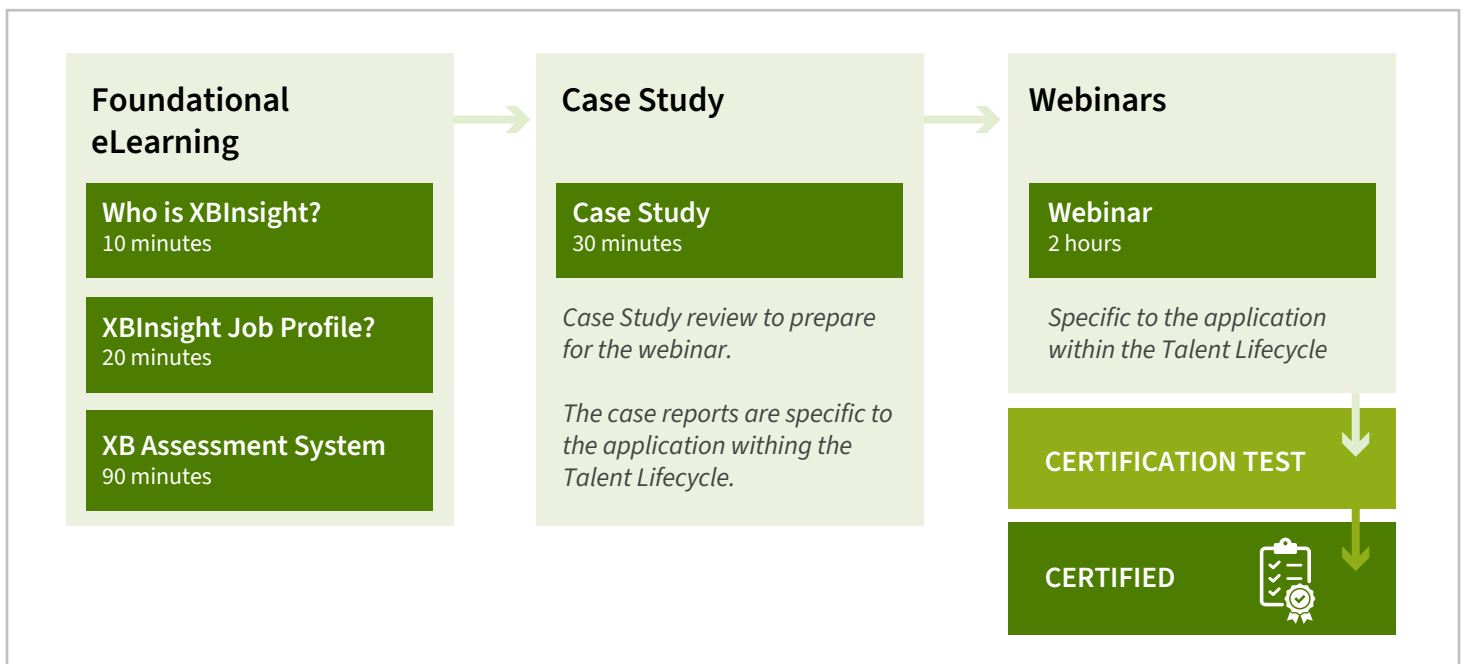

Assessing Talent. Smart.

XB Assessment Platform spans the full talent lifecycle, helping you select and develop competent and engaged employees. As part of our flexible solution, clients may administer the assessment by certifying their internal team members.

Certification programs are specific to assessment applications within the talent lifecycle.

The virtual certification program employs a combination of eLearning, case studies, and webinar.

4.5 learning hours for the first application and added webinars for additional applications.
